**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Here as in most places, our choice of internet providers is very limited. Mostly just ATT and Comcast. Neither of these behemoths is responsive to small business customer or work at home people; and their services are overly expensive due to no little competition. Broadband is critical and smaller internet service providers should be facilitated by the FCC and not inhibited. I would love to have a fiber connection but none is available.

Please do not restrict smaller ISP from accessing significant infrastructure.

Thanks.

Harold Klingsporn
